<b>Draft Tweets</b>	<ul style="list-style-type: none"> <li>• Damage from #HurricaneFiona shows that Congress needs to finally end #PuertoRico's territory status.</li> </ul>

Persistent inequality under territory status prevented PR's full recovery after #HurricaneMaria & set up the island for the destruction we see today. #StopTheColony #PassHR8393

- Federal disaster assistance for #PuertoRico after #HurricaneFiona is necessary but not enough. For Puerto Rico to fully recover & become truly resilient Congress needs to #StopTheColony & #LetPuertoRicoDecide, #PassHR8393 #PuertoRicoStatusAct
- Natural disasters like #HurricaneFiona will continue to happen, but today every American should know that for us to truly help our 3.2 million fellow US citizens in #PuertoRico, we must urge Congress to #PassHR8393. Territory status keeps PR weak & fragile #StopTheColony
- Incredible that 5 years after #HurricaneMaria #PuertoRico gets hit again by #HurricaneFiona. Until Congress solves PR's unequal territory status the island will never be able to reach its full strength, capacity & resiliency. #StopTheColony #PassHR8393 #LetPuertoRicoDecide
- Territory status weakens #PuertoRico's infrastructure in the face of natural disasters like #HurricaneFiona. Federal disaster aid helps, but it's not enough. Congress needs to #StopTheColony & #LetPuertoRicoDecide. #PassHR8393 #PuertoRicoStatusAct
- Congress: Sending thoughts & prayers to #PuertoRico as they respond to this new major natural disaster is not enough. You must take action! #PassHR8393 to #StopTheColony, permanently strengthen PR & empower our fellow citizens there to build a more resilient & prosperous future
- Under territory status #PuertoRico has a limited capacity to fight #ClimateChange because we are denied representation in Congress which makes the federal laws we live under. #StopTheColony #LetPuertoRicoDecide #PassHR8393 to help us fight climate change & natural disasters.
